

Business Startup Checklist

Starting a business can be overwhelming, but having a clear checklist can simplify the process. Use this guide to ensure you cover the essential steps to get your business off the ground.

✓ 1. Choose Your Business Idea

Identify a business idea that aligns with your skills, passions, and market needs.

✓ 2. Conduct Market Research

Understand your target market, competition, and industry trends to validate your business idea.

✓ 3. Write a Business Plan

Outline your business goals, target audience, revenue model, and marketing strategy.

✓ 4. Choose a Business Name & Register It

Pick a unique name and register it with the appropriate government authorities.

✓ 5. Set Up Legal Structure

Decide on your business structure (LLC, sole proprietorship, etc.) and register accordingly.

✓ 6. Secure Funding

Determine how you'll fund your business, whether through savings, loans, or investors.

✓ 7. Build Your Online Presence

Secure your domain name, create a website, and set up social media profiles to establish your digital presence.

✓ 8. Develop Your Product or Service

Create your product or service offering, ensuring it meets your target market's needs.

✓ 9. Launch & Market Your Business

Promote your business through various marketing channels to attract customers.
